## MEXICANS WILL NOT ALLOW ANY POWER TO INTERFERE.

### STRONG STATEMENT MADE BY MINISTER OF FINANCE.

**PRESIDENT TAFT AND SECRE-  
TARY OF WAR HOLD CONFER-  
ENCE AT ATLANTA BUT RE-  
FUSE TO TALK.**

ATLANTA, Ga., March 10.—Secretary of War Dickinson was the first man to greet President Taft here. Both retired immediately for a conference, but each has refused to discuss the matters considered. It is believed the president told Mr. Dickinson to no longer conceal the true state of affairs on the Mexican border and the real meaning of the war demonstration.

WASHINGTON, March 10.—"The Mexican government will never allow any other government to interfere in the management of its affairs." This is the statement given out today by Senator Limantour, Mexican minister of finance.

This indicates there has been communication between Limantour and the Mexican government regarding the sending of American troops into Mexico to curb the Revolution.

**20 Rebels Captured.**  
EL PASO, Tex., March 10.—In a fight at San Augustine, 30 miles southeast of this place, last night, 100 Federals defeated 70 Insurrectos. Twenty rebels crossed the border and were captured by the United States troops.

**Men Ready to Enlist.**  
CHICAGO, March 10.—Over 400 men have already enlisted in the regular army for service on the Mexican frontier. The applications for enlistments are now almost too numerous to handle.

**Another Gunboat Sent.**  
PUERTO RICO, March 10.—The American gunboat Tacoma sailed today for Puerto Mexico, the terminus of the Tehuantepec railroad on the Mexican coast.

**Kentucky Militia Ready.**  
LEXINGTON, Ky., March 10.—Governor Wilson today ordered the state militia to be ready to move immediately upon orders. Every company has been ordered recruited to the full complement.

**Rebels Hold Town.**  
EL PASO, Tex., March 10.—The insurgents last night retained C. S. Grandes in a battle waged for possession of the town. The losses on both sides were heavy.

**Artillery Arrives.**  
SAN ANTONIO, Tex., March 10.—Four special baggage cars of artillery and ammunition arrived this morning from the various forts in Texas. Heavily guarded one car was rushed to the border, where the troops are now encamped. The camp is rapidly filling up.

**Orders in Washington.**  
SEATTLE, Wash., March 10.—The state militia of Washington has been ordered to be held in readiness to

proceed to the Mexican frontier at a minute's notice.

**Six Trains of Troops.**  
LOS ANGELES, March 10.—Six trains of troops left today for the Mexican border.

**Drive Out Juntas.**  
LOS ANGELES, March 10.—The United States government secret service has begun a crusade to drive from the country the Mexican Insurrecto juntas, which have been plotting the overthrow of President Diaz. The junta here is the largest in the United States and the leading members are leaving in fear of arrest.

**Fighting at Agua Prieta.**  
DOUGLAS, Ariz., March 10.—Agua Prieta, just across the border, is being besieged by Insurrectos today. Many residents have been fleeing across the line since this morning. American troops are guarding the border.

### LAND CLAUSE IN BUDGET CAUSES 19 HOURS DEBATE.

**HOUSE OF COMMONS ADJOURNS  
AT 10 O'CLOCK AFTER ONE OF  
THE STORMIEST SCENES IN  
HISTORY.**

LONDON, March 10.—After a session lasting for 19 hours the house of commons adjourned at 10 o'clock this morning. The session presented the stormiest scenes known in the house since 1901, when detachments of police were necessary to quell the disturbance.

The cause of the hot debate and long session was the land clause in the budget.

### FOUR BODIES ARE REMOVED FROM RUINS OF BUILDING.

**SUPERINTENDENT AND FORE-  
MAN OF CONSTRUCTION COM-  
PANY ARE BEING HELD ON \$1,  
000 BAIL.**

NEW YORK, March 10.—The bodies of four workmen were today removed from the debris of the building at 12 to 16 East 87th street, which collapsed last night.

Superintendent O'Brien and Foreman Stein of the construction company are being held on \$1,000 bail each.

### AUDIENCE HERE ENJOYS ENGLISH GRAND OPERA.

An appreciative audience, not as large as it should have been, enjoyed the rendition of Cavalleria Rusticana by the English Grand Opera company at the new Daytona theater Thursday evening. Both Hertha Heyman and William Nickow, who took the parts of Santuzza and Turiddu, have wonderful vocal range and their singing was thoroughly enjoyed. The ladies orchestra is an excellent musical organization and the selections by the orchestra were really pleasing features of the evening's entertainment.

RING.**

What is indeed the most liberal offer ever made by any merchant in Daytona is made this week by L. H. of Beach street, who will award a beautiful \$50 diamond ring to the contestant in the Gazette-News Great Popularity Contest, who secures the most votes between Thursday, March 9, and Thursday, April 6.

Realizing the vast interest which is being taken in the Gazette-News Great Popularity Contest, L. H. Rowe & Co. have generously agreed to make this offer to the contestant who secures the most votes between the above dates.

This is an unusual opportunity and should be taken advantage of by every contestant in the race.

The ring is now on exhibition in the show window of L. H. Rowe & Co., at their handsome store on Beach street and they will take pleasure in showing it to the contestants and their friends.

L. H. Rowe & Co. are well known in Daytona, being the leading jewelers in this section of the state, and such an offer from them is an endorsement of the Gazette-News and its Great Popularity Contest.

## M'CONNELL WINS MATCH IN SINGLES.

### DEFEATS MISS E. C. RIKER AT HOTEL DESPLAND COURTS.

**MOST INTERESTING MATCH SO  
FAR PLAYED IN THE TENNIS  
TOURNAMENT NOW IN PRO-  
GRESS.**

The most interesting and exciting match yet played in the tennis tournament now in progress at the Hotel Despland was furnished in the finals of the ladies' singles between Miss C. McConnell and Miss E. C. Riker, played Thursday afternoon. The match was won by Miss McConnell with scores of 5-7, 6-2, 6-3, 6-3.

The young women were well matched and the outcome of the finals was in doubt until the last set had been played. Miss Riker played with an ease and grace which stamped her as the superior of Miss McConnell in the general playing, but Miss McConnell proved herself superior at serving and it was her vicious driving which won the match. The match was witnessed by a large number of interested spectators.

In other games played Mr. Waite and Miss Morgan defeated Mr. Cornwall and Miss Radcliff 6-4, 6-1.

Mr. Armstrong and Miss E. S. Riker defeated Mr. Thompson and Miss E. H. Riker 6-2, 4-6, 8-6.

Misses E. C. and E. S. Riker defeated Mrs. Waite and Miss Radcliff 6-0, 6-0.

## DAYTONA MILITIA OFFICERS INVITED TO GO TO TEXAS.

### PRESIDENT IN ATLANTA FOR SPEECH.

#### GIVEN GREAT RECEPTION AT THE GEORGIA CAPITAL.

**GREAT CROWDS LINE THE  
STREETS TO WITNESS THE PA-  
RADE BUT ALMOST DEAD SI-  
LENCE IS OBSERVED.**

ATLANTA, Ga., March 10.—President Taft and his party arrived here at 11:20 o'clock this forenoon. Great crowds lined the streets to witness the parade, but almost dead silence was observed. The lack of enthusiasm was considered remarkable, although the curiosity to see President Taft drew out thousands of people.

The party was immediately escorted to the auditorium, where the president reviewed the state delegations to the Southern Commercial congress.

The president is preparing for an address to be delivered to the negroes at the Central Avenue Baptist church at 4 o'clock this afternoon and tonight he will deliver his address to the commercial congress. President Taft will leave tonight for Augusta.

Woodrow Wilson arrived with the president. A boom for Wilson for president is under way here and he attracted almost as much attention as did Mr. Taft among the democratic delegates. Governor-elect Hoke Smith, himself spoken of as presidential timber, gave a dinner in honor of Wilson and freely boosted him for the White House.

### STEAMER SWAN ARRIVES TWO DAYS BEHIND TIME.

The steamer Swan arrived here from Palm Beach at 3 o'clock Friday afternoon, two days overdue, the delay being caused by bucking the high winds for two days and being aground at the mouth of the Haulover canal. The steamer went aground at the canal Thursday morning and was not released from her position until Friday.

### NEW LIBRARY SIGN PLACED ON BUILDING.

A new sign adorns the front of the public library building, the new having been put in place by the board of public works Friday afternoon. The sign is large enough to eliminate the frequent questions as to what the building on the right is and where the public library can be found.

### WHEAT SHADE HIGHER; PROVISIONS ARE FIRM.

CHICAGO, March 10.—Wheat opened a shade higher today, with trading light. May was quoted at 89 3/4c. Provisions were firmer all around. May pork, \$17.50; lard, nominal; ribs, \$9.50. Hogs were five to ten higher and cattle strong.

### DAILY STOCK MARKET REPORT

### TO TAKE PART IN MANEUVERS ALONG THE MEXICAN BORDER.

**INVITATION RECEIVED BY CAPT.**

**COWAN MEANS THAT MOBILI-  
ZATION IN TEXAS IS IMPORT-  
ANT MOVE.**

A telegram to the Daily News late this afternoon says a detail of the officers of the Florida national guard will leave for Texas in the morning.

That the present mobilization of regular army troops in Texas and the war demonstrations along the Mexican frontier is an important move by the war department and means much to the country, is evidenced by the fact that the officers of the Florida national guard have been invited to participate in the maneuvers.

This invitation includes the officers of company K of Daytona, the information having been received by Capt. L. J. Cowan in a wire from Adjutant General J. Clifford E. Foster Friday morning.

The wire message contained the information that an invitation had been extended by the war department to the detail of Florida officers of the national guard to participate in the maneuvers in Texas and that full field equipment has been shipped to company K.

This move is taken to mean that the war department is anxious to have the officers of the militia in a number of states on the ground and thoroughly trained in the regular army maneuvers, to be ready for service in case the regular army is called upon to invade Mexico and the war department finds it necessary to call on the militia for assistance.

With the national guard officers trained with the regular army officers valuable assistance to the regular army could be rendered by the militia regiments in case of fighting in Mexico. The shipping of full field equipment to the national guard companies means they are liable to be called out any time and are to be prepared.

### FEW CASES IN COURT; MOSTLY FOR GAMBLING.

On a charge of being drunk and disorderly Eli Smith, colored, was assessed a fine of \$1 and costs, but not having the money was sentenced to serve five days on the streets.

Answering to the charge of gambling for being mixed up in a crap game at Midway, Ben Horton, Will Hatcher, Ed Smith and Albert Smith paid fines of \$1 and costs each. Five other mixed up in the same game will be brought into court tomorrow.

### COOGAN RESIDENCE BURNS AT NEWPORT.

NEWPORT, R. I., March 10.—Whitcomb, the magnificent summer residence of James Coogan of New York, was destroyed by fire this morning. The total loss amounts to more than \$100,000.

## PICTURESQUE PORT ORANGE

PORT ORANGE is a pretty little village situated five miles south of Daytona on the Daytona-New Smyrna hard-surface road, the scenic highway of the East Coast. The town is located on the Halifax River, and is connected with the peninsula opposite by a bridge.

The town is well laid out and has many pretty homes. A large number of tourists and winter residents make Port Orange winter headquarters, one of the several attractions being the excellent fishing.

A short distance west of Port Orange are the remains of the old Dunlawton sugar mill, a place that is visited every year by hundreds of tourists. One time all the country west of Port Orange, surrounding the old mill, was a vast sugarcane plantation. The mill was operated extensively in those early days but has been in disuse for forty or fifty years.

A very interesting drive from Daytona is by ocean beach to the approach of the Port Orange bridge, across the bridge and then passing through the principal street of Port Orange to the ruins of the old sugar mill, returning to Daytona by the road on the mainland.

By L. C. DEMAREE.

One of Daytona's crowning glories is her incomparable beach. No one who has ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pelucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon the waves; watch that lubberly old white headed pelican pouch a fat muflet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, with hampers and lockers bulging with refreshments, both solid and liquid, ready for a cruise upon the beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies and the wide spreading branches of the heavy-trunked live oaks extend their giant arms across the magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from the tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with alfalfa draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines run riot in the trees; see the cryptogamous forms which gain a foothold on the great oaks and stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps, commands more nearly universal attention and praise than does the artistic cottages. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and, as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by is treated to a kaleidoscopic change which keeps the mind wondering, "What next?"

It is not only the exterior of many of these homes which rivets attention; when they are models of convenience, and the finishing and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed, it is the interior arrangement and artistic furnishing and shading, more than the exterior appearance that gives a surpassing charm to Daytona homes. This feature justly merits prominence as another wonder.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed, but that such is a

fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the finishing touches which have wrought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for the pavements, pavements that look and act like granite—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruit. Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "flowers and squirrels, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare goober there is a bunny ready to come and accept your gift. He will sit bolt upright and know into the meat, casting furtive, saucy glances at you meanwhile.

Flowers. Usually fresh and blooming the year 'round, you are reminded of Goldsmith's couplet where Smiling spring its earliest visit paid And summer's lingering blossoms are delayed.

In one yard roses of variegated hues predominate; another household has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds fit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, proficiency and all desirable qualities would truly astonish you.

The Fastest Autos and The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or Timbuctoo, and you will be "shown." Here is where the world's record for speed is broken with every recurring season. Autos, the biggest, the fastest, and the finest are on daily parade and the big show is as free as the pure artesian water from the thousands of flowing wells. It is a continuous show with a constantly shifting scene.

Everything goes, from a 2-horse power up to a 200-horse power, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit, when you go the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down into your wallet only for coin for auto, and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

DELAND, the county seat of Volusia County, is situated 23 miles southwest of Daytona and is reached from the latter city by an excellent hard-surface road recently constructed.

At Deland is located the John B. Stetson University, one of the leading educational institutions of the South. Because of the interest in matters educational Deland is known as "The Athens of Florida."

Stetson University has a faculty of 50 professors and instructors. There are over \$400,000 in buildings and equipment; nearly \$300,000 endowment; a Carnegie Library alone representing an investment in building, endowment and books, of more than \$120,000. The library is the United States Government depository for the State of Florida, and contains over 15,000 volumes. Science Hall, one of the newest of 16 buildings, with its furnishings, represents an outlay of \$60,000. Elizabeth Hall is one of the most beautiful college buildings in the South.

The city has a population of about 3,500, with a thickly settled country adjacent. Deland proper is five miles east of the St. Johns River, on the high, rolling pine land of the great "Orange Ridge" of Florida.

The predominating products are oranges and grapefruit, the estimated crop from this vicinity being over 300,000 boxes this year. Grapes, peaches, pears, Japan persimmons, plums, pecans, guavas, strawberries and other fruits are grown in plenty.

In the way of public improvements are many miles of fine shell roads, an excellent high school, electric lights, a system of waterworks that is owned and operated by the city, supplying the purest water at little cost.

Nine houses of worship testify that Deland is a church-going community. Baptists, Episcopalians, Methodists (Northern and Southern), Presbyterians, Christians and Catholics, besides colored Baptists and Methodists, are represented.

The graded school offers a ten years' course, and the building which it occupies is newly furnished throughout, and is one of the most commodious and best equipped public schools in the State.

The trip from Daytona to Deland is made by automobile in a little over an hour, and there are many pretty drives in the vicinity of the county site. A good road leads to DeLeon Springs, five miles, a historic spot, where 60,000 gallons of water bubble from the earth every minute.

From Deland automobiles go south to Osteen, 18 miles, on shell and marl roads; the St. Johns is crossed by ferry near Osteen and cars can then continue to Sanford and Orlando by hard road. There is a shell road from Deland to Orange City, five miles, and a good road from Deland to Lake Helen, a like distance.

## LAKE HELEN

Surrounded by several pretty lakes and guarded by lofty pine trees is Lake Helen, a winter resort of no little importance. Camp Cassadaga, a spiritualistic camp-ground is situated near Lake Helen and at this place several hundred people make winter headquarters. A large lumber mill and the largest brick plant in the South are located at Lake Helen.

## ORANGE CITY

The principal attraction around Orange City is the many handsome golden orange groves. The town is supplied with water said to be the purest in the world, another attraction to visitors. It is at Orange City that passengers over the Florida East Coast Ry. transfer to carriages and drive to Deland. The town is surrounded by land peculiarly adapted to the cultivation of citrus fruits.

## Doings at Daytona Beach

DAYTONA BEACH, March 9.—Rev. H. H. Moore, D. D., on the occasion of his 92d birthday anniversary on Friday night at 7 o'clock, will deliver a lecture on "How to Read Nature Like a Book."

The stereopticon illustrations of picturesque Japan, given by R. S. Holmes at the Methodist church on Tuesday evening proved very entertaining to the large audience in attendance. Many of the views were photographed personally by Mr. and Mrs. Holmes on their several visits to Japan, and were produced by Enami, the famous Japanese artist. The performance was given under the auspices of the Sunday school.

Rev. William Putnam left this morning for Detroit, Mich., to undergo an operation for the removal of cataracts on his eye. His daughter will be with him at the hospital. Mr. Putnam is in his 84th year and is life chaplain of the G. A. R. of Michigan. He has been spending the winter at Ocean Spray, Seabreeze avenue.

Mr. and Mrs. Sours and charming daughter, Miss Sours, who spent last winter at Daytona Beach, arrived yesterday for Orlando, for a month's sojourn on the beach.

Real estate sales continue brisk, and many buyers are quietly pushing investigations to get a "Snap." Within the past few days W. R. Phillips has purchased of W. C. Cannon block 8 on Bath street, three blocks north of Seabreeze avenue. Mr. Phillips will improve the property and put it on the market.

Mrs. Sherman of Concord, Mass., has purchased the east half of H. Y. Stillman's lot on Hollywood street, south of W. S. Olds' winter home. Mrs. Sherman's daughter, Mrs. Putnam, has purchased the adjoining lot of W. S. Phillips. It is understood that Mrs. Sherman will build a winter home on her property to be completed before next season.

Mr. and Mrs. Davis of Somerville, Mass., are occupying W. R. Phillips' house on Valley street. Mr. Davis does a large ice cream business.

Mrs. Paulsen, who has been spending several months with her parents, Mr. and Mrs. A. S. Harroun, left yesterday on her return to Aurora, Ill.

Mrs. Mahler and daughter returned Tuesday morning from a boat trip to Palm Beach and are at Pinehurst for

the remainder of the season.

Mrs. Fulton and her father, Mr. Peck, guests at Pinehurst, are at Palm Beach this week.

Capt. F. A. Jewell and wife have returned from a trip to Palm Beach and are at Pinehurst, where they have been located since giving up the Edmonds cottage.

J. H. Haight and a party of friends are at Bulow Creek on a camp hunt.

The Tourists' Sabbath school class gave a program consisting of music and readings at the parsonage Monday evening.

Dr. H. H. Bowen left for Miami this morning. He will return in time to fill his Sunday appointments at the M. E. church.

E. A. Branch has leased part of Blarney Castle to Mrs. R. L. Young and mother, Mrs. Wilhelm of Chattanooga, Tenn.

The best catch of the season was made Monday by Dr. M. V. Young, G. A. Parker and G. Y. Fowler, a party of prominent boaters, who made the boat trip to Port Orange and returned in a few hours with 36 large trout.

H. F. Stewart will let the contract this week for the construction of a thirty-room apartment house, to be erected on his property south of the Dunlap apartment house. The two houses will face each other, and the court between will be beautified with ornamental shrubs and flowers.

Mr. Wallace and bride have returned from a short wedding trip and are located at the Bishop house for the present.

Misses Fay Stewart and Jeannette Ridgeway, Stetson students, spent Saturday and Sunday at home. Miss Stewart was accompanied by Miss Carroll Spratt of New York, a student friend.

A very swell invitation dance was given Tuesday evening at the casino by the Beach club, Messrs. F. Collins, R. Beach, G. Des Jardin, M. Maxfield, H. Courtney and C. H. Becker. The hall was beautifully decorated in yellow chrysanthemums, ivy and palms. The color scheme was carried out in the invitations and refreshments. Mesdames Van Valzah, Keating and Coates served at the punch bowl, and Mesdames Beach and Young at the ice cream and cake stand. The cream and cake were served at intermission.

W. L. Miller's Bible class held the regular weekly meeting Tuesday afternoon at 2 o'clock.

T. W. Beach and party of friends are planning a trip in his house boat to St. Augustine this week, Thursday or later.

Mrs. A. C. Dobbs arrived from Marietta, Ga., last week and is visiting Dr. and Mrs. Springer on Peninsula drive.

ing Dr. and Mrs. Springer on Peninsula drive.

The lumber is on the ground and work will begin this week on a bungalow for Harry Horn on a lot recently purchased by him. Our popular young attorney insists that he has no ulterior designs matrimonially.

The town council has under consideration a proposition to buy property on the corner of Live Oak and Harvey streets to erect a city hall and jail. The lot belongs to W. B. Weeks.

W. A. Sams, prominent druggist of Marietta, and wife, who have been on the west coast, were visiting Dr. Springer and wife. They are very much impressed with this part of the country.

NEW SMYRNA  
FLORIDA

NEW SMYRNA is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man runneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the state of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements.

Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the state is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

## TEN YEARS AGO.

FROM THE GAZETTE-NEWS OF MARCH 9, 1901.

At a meeting of the stockholders of the Daytona Telephone company held Monday evening the following officers were elected for the coming year: President, William Moore; F. J. Niver, C. M. Bingham, Jr.; J. T. Peck; directors, William Moore, F. J. Niver, C. M. Bingham, Jr., M. Garland, C. C. Barnes, W. H. Edmondson and G. H. Clark.

Monday William McKinley was inaugurated president of the United States for four years more.

The sixteenth annual convention of the Volusia County Union Bible School association met in Daytona Tuesday and Wednesday. The following officers were elected: President, Rev. J. B. Hawk; vice president, J. M. Garland; secretary, A. K. Brokaw; assistant secretary, Mrs. Mason; superintendent home class department, Miss Grace Gould.

Major Bingham went up to St. Augustine Monday to enter his daughter, Miss Mabel, in the St. Joseph's academy.

Through the efforts of G. H. Foote about 30 seats will be procured and put in various beautiful places around town so that tourists may stop and rest on their journeys along the streets.

Daytona is soon to have another enterprise in the form of a water filtration plant. Adam Schantz of Dayton, Ohio, has purchased the Buell property on Ridgewood and the Sherman and Cooper properties on Volusia avenue. On the Buell property he will erect a commodious residence, while on the Sherman and Cooper properties he will erect a plant for the manufacture of his famous "Lily water."

The Epworth league of the First M. E. church held a delightful social at the home of Mr. and Mrs. H. F. Stewart Thursday evening.

The Daytona and D-land baseball teams indulged in another running match at the Daytona ball park Saturday afternoon, the final score being 27 to 19 in favor of Daytona.

# Popular or Delegated Government Main Issue Before the Country.

By JONATHAN BOURNE, Jr., Senator from Oregon.

THE ISSUE BEFORE THIS COUNTRY IS WHETHER POPULAR GOVERNMENT, WITH GENERAL WELFARE ITS VITALIZING FORCE, SHALL SAVE AND DEVELOP THIS NATION OR DELEGATED GOVERNMENT, WITH SELFISHNESS THE DESTROYING FORCE, SHALL BRING THE NATION TO INEVITABLE ANARCHY.

The success and duration of representative government depend upon RESPONSIBILITY AND ACCOUNTABILITY—the responsibility of the people for their laws and selection of their public servants and the accountability of the public servants directly to the people.

Under delegated government, still in vogue in most of our states, the people have no voice in their legislation, thus inhibiting the development of the electorate, nor have they any voice in the selection of their public servants, thus DEBAUCHING THE PUBLIC SERVICE because of the direct accountability of the public servant to the political boss or special interest for his nomination.

## NEWS OF THE HOTELS

W. H. Keller, wife and daughter, of Corydon, Ind., have returned from a few days' stay at Palm Beach and are again at the Gables hotel. They much prefer Daytona to Palm Beach.

Among the prominent visitors in Daytona at this time is Judge F. C. Brooks of Minneapolis, one of the most prominent men in the Gopher state. Judge Brooks and wife are guests at the Despland.

Recent arrivals at the City Hotel are S C Sellers, Baltimore, Md, E Morehead, Mayfield, Ky, R H Wolf, Savannah, Ga, S R Hungerford and wife, Memphis, Tenn, V L Cole and wife, Marshall, Ill, J Flourney, W C Perry, J D Lopez, J B Hires, Jacksonville.

Recent arrivals at the Despland include Mrs C A Rogers, Mrs J G Hinckley, Mrs Mabel Knowles, Miss Rogers, Old Town, Me, Mrs E H Crocker, Judge and Mrs F C Brooks, Minneapolis, I S Achberg, St Louis, L B Howard, Brockton, Mass, Henry B Kane, Narragansett Pier, R I, J H McCrady, Pittsburg.

Recent arrivals at Schmidt's hotel are Mrs K D Keley, Mrs M M Voorhis, Mrs V W Vooch's, Dr H V Vooch's and son, E W Howsy, Mrs C A Miller, Miss Lloyd, Mrs S D Jordan, DeLand, Frank Jessup and wife, Stamford, Conn, Mr and Mrs H Hill, New York City, John Archer, Detroit, Mich, J H Pete, G C Zaring, C A Clark, J P Nutt, Clarence Schultz, Jacksonville.

Another Gillespie and Knapp touring party touring Knappe arrived in the city Wednesday and is stopping at the Ridgewood. Among those in the party are W. H. Rhodes, conductor, Dr. and Mrs. A. H. Reynolds, Philadelphia, E. P. Augur and wife, Middleton, Conn, E. L. Warren, Brooklyn, Francis Schwartz, Miss Maggie Schue, All town, Pa.

A pleasant party at the Gables for a few days consisted of J. K. Johnston and daughters, the Misses A. and M. Johnston, of Tyrone, Pa., and Mrs. C. F. Moore and daughter, Miss Sarah S. Moore, of Bedford, Pa. The party was very much pleased with Daytona and will return again next season and make a longer stay. Mrs. Moore is a sister of E. M. Steck, who owns a winter home on Ridgewood avenue.

Among recent arrivals at the Ridgewood are Mr and Mrs B W Boyd, Jr, F W Boyd, III, Cincinnati, Mr and Mrs E R Bagley, Orlando, Fla, Mrs J W Potter, Mr and Mrs C M McElroy, Bowling Green Ky, Chas W Jack and wife, Miami, N E Whiteside, Orange, N J, Kew Boya Tuppen, Philadelphia, O G Joslin and wife, Cincinnati, Bertha W Reed, Ruth A Waite, Worcester, Mass, Mr and Mrs W A Buckley, Milwaukee.

A Mayr's touring party of people from New York, Boston and Portland arrived in the city Wednesday and the members of the party are stopping at the Ridgewood. The following are in the party: Mrs. S. LLOYD IS IN TROUBLE AGAIN;  
THIS TIME AT PALM BEACH.

HELD TO APPEAR BEFORE COUN-  
TY JUDGE ON CHARGE OF OB-  
TAINING MONEY ON FALSE  
PRETENSES.

Fake advertising schemes are losing their charm for the business men of Florida and L. Lloyd, a solicitor who has been making easy money on little work in various resort towns in the state in the past is finding the roses which formerly lined his path turned to thorns. Lloyd is well known among the merchants and business men in this city, all of whom will be interested in the following from the West Palm Beach Sun:

"For obtaining money under false pretenses, one L. Lloyd, who blew into town about two weeks ago, and began working local and east side merchants for advertising patronage in booklets he was to publish, will have to make explanations before County Judge J. B. Adams.

"Lloyd was very successful — it would seem — in inducing the merchants to take space using a flexible rate that was none too cheap at the lowest — so the advertisers who make the charges claim — promising exclusive representation in his exclusive little booklet, which was to circulate among the east side tourists. When the advertisers who had paid for 'exclusive' space received copies of the booklet, and found that competitors had not only been given space, but in some instances preferred position, a howl was raised, warrants drawn out for \$5,000, and waiting a preliminary hearing, Lloyd was given a comfortable room in the Hotel de Baker. Judge Adams fixed a bond of \$500.

"Judge W. I. Metcalf will represent the accused at the trial. Attorney M. D. Carmichael, appearing for the prosecution. Lloyd's name appears one time before on the criminal blotter in the judge's office — this time on the charge of using abusive and indecent language, for which he was fined \$5.00."

## Victor Hugo's Double.

Victor Hugo had a real double in flesh and blood, who exploited his physical resemblance to the man of genius. He cut his beard like Hugo's, copied the master's dress in its smallest details and so for eighteen years divided with the master the admiration of the public. His especial delight was to pose in a poetical attitude in front of a Punch and Judy show. He did this at a particular spot every Thursday afternoon for years, thoroughly enjoying the murmurs of curiosity and applause proceeding from the gaping crowd which he deceived. We do not hear that he reaped any other reward but his pleasure.

## Didn't Like the Suit.

"Sir," said the young man as he entered the library for the purpose of interviewing the father of the only girl, "I am in love with your daughter. Have you any objection to my suit?" The old man looked the y. m. over from head to foot.

"I sure have," he replied. "Why, I wouldn't wear a mistle suit like that to a dog fight. Why don't you try some other tailor?" Chicago News.

**SEABREEZE and DAYTONA BEACH**, two enterprising and progressive towns on the Halifax Peninsula, are geographically one although incorporated as separate municipalities. The towns parallel the peninsula north and south for a distance of from three and one-half to four miles, and extend east and west from the surging seas of the Atlantic Ocean to the Halifax River, the beautiful tide water stream that sets them apart from Daytona with which they have close communion by means of three bridges, as well as a half-hour ferry service.

Seabreeze and Daytona Beach are essentially summer and winter resorts and are making hundreds of new friends every year among those who desire to escape the discomforting extremes of heat and cold, and their hotels and boarding houses are now receiving splendid patronage from the most discriminating class of tourists.

The ocean itself, with its marvelous beach, hard as macadam and smooth as a floor, is the greatest attraction, although earth, air and sky seem to have entered into a combination to enhance its every charm. The beach is the famous automobile race course where every world's straight-away record has been made, and all these records it continues to hold without rival.

The beach has a width of 300 to 500 feet and can be used from two hours after until two hours before high tide, thus giving an average of seven or eight hours for automobilizing some part of each day. Seabreeze and Daytona Beach each have a permanent population of approximately 1500. Sanitary ordinances are strictly enforced, streets and sidewalks are well kept, and new streets are being opened as fast as the increasing population demands. Besides hotels and boarding houses there is ample cottage accommodation for all winter visitors in both towns.

All the attractiveness of Seabreeze applies to Daytona Beach, the two towns being so similarly situated. The development of Daytona Beach has been fully as phenomenal as its sister on the north, and each year there is a substantial growth. The great sand dunes have been leveled and handsome homes have been built for both winter and all-year-round occupancy.

## GAME OF AFRICA TO ROAM WEST

MAJOR BURNHAM IN CHARGE.

Yankee Who Is Veteran of Boer War  
Thinks Giant Eland, Tiny Dikdik,  
Klipspringer and Other Varieties  
Will Serve to Replenish Wasting  
Supply For Sportsmen.

A novel game expedition has left New York for East Africa, the members of which intend to capture wild animals alive and transport them to this country to turn them loose in the arid plains of the southwest and in the ranges of the Rockies, where it is hoped they will breed game for the sportsmen of future generations. Major Frederick Russell Burnham is the leader of the expedition. He formerly held a commission as major in the British army and was chief of scouts under Lord Roberts in the Boer war. He was born in America and has never relinquished his American citizenship. Other members of the party are Harris Hammond, son of John Hays Hammond, and John Bick, a brother-in-law of Major Burnham.

Bright Future For Sportsmen.  
If their purpose be realized future American sportsmen will be able to chase the elusive eland across the Rockies, stalk the gembok on the arid plains of Arizona or take pot shots at the tiny dikdik on the Texas prairies.

Major Burnham asserts that his own interest in the expedition is purely patriotic.

"Though I have held a major's commission in the British army," he says, "I have always retained my American

## Have Modern Labor Saving Devices Proved of Value?

Do They Give the City Man  
Advantage Over His  
Country Brother?

By Dr. LUTHER HALSEY GULICK, Formerly Physical Director of New York  
City Schools.

**D**O modern inventions cost more than they are worth and labor saving devices add to the troubles of the average hard working citizen?

The object of life is to increase the sum total of one's spiritual experiences. To do this one must be in the thick of the fight. In no other way can one get the depth and breadth one needs for growth. Time saving devices are NOT INTENDED TO GIVE THE WORKER LESS WORK AND MORE LEISURE. They are intended to give him MORE TIME TO DO MORE WORK. They increase the volume of his work and enable him to get through with it quicker than the old fashioned man did with a fifth of his business.

In the country men and women are POORER, have LESS COMFORT and GROW OLD QUICKER than city folk do. They don't keep up with the procession. They have CHILLY HOUSES and INDIGESTIBLE FOOD, HEAVY BEDCLOTHES and NO HOT WATER, FEW AMUSEMENTS and NOT ENOUGH WORK.

citizenship, and I intend to devote the remainder of my life, if need be, to an object which I believe will be largely beneficial to the country—to plant in the waste places of the west and southwest herds of game and food animals which shall take the places of the nearly extinct bison, elk and other native game.

"We shall import chiefly the antelopes, of which Africa has hundreds of varieties, most of which can be adapted to one part or another of America. There is the dikdik, for example, the smallest of the deer family. It stands less than a foot high and weighs from six to ten pounds. The flesh is delicious, and the hide tans into leather as fine as kid.

Many Suitable For America.  
"At the other extreme there is the giant eland, largest of antelopes, weighing sometimes as much as 1,500 pounds. The eland can go far from water and would stock many an arid range in the west if it had a chance. The klipspringer, another antelope, not unlike the chamois, would be perfectly

at home in the Rocky mountains. Then for the swamps of Louisiana and Texas the waterbuck and redbuck would be perfectly adaptable.

"In a sense this is an experiment. When you come to think of it, not one of our food animals is native to this continent. The horse, common cattle, sheep and hog were all brought over from Europe. More recently some very successful experiments have been made in importing foreign animals.

"Some years ago some one turned loose a herd of camels in the Arizona desert. They thrived and increased until some smart Yankee caught all the females and sold them to a circus. I remember helping to capture one of these camels when I was a boy. That was the beginning of my interest in foreign animals."

Major Burnham is about fifty years old, but strong and hearty as a youth.

A Vandevor has accepted a contract to lay cement sidewalks for the following property owners: E. C. Hubbard, G. W. Buckner, T. W. Weaver, John She-man, G. W. Darby, Mr. Painter, H. F. Stewart, D. H. Phillips, E. A. Branch, Jcs. Danlap, O. Nicholson and W. F. Taylor on Bath street and Grandview avenue; and on Ocean avenue, Jackson, Butler, Hannah, Hubbell, Hill, Andrews and Mrs. Eiza Walsh. This work will include over 2,000 lineal feet and looks good to the boosters of the peninsula towns. Most of the sidewalk to be laid is near the south and north town lines of Seabreeze and Daytona Beach.

Mr. and Mrs. Chas. Corryell and daughter, Miss Ruth, and friend, Mr. Whaley of Toronto, Canada, arrived as expected, and are on Grandview avenue at the Mayfield, for the remainder of the season. Mr. Corryell expects his parents, who a rive from Ypsilanti, Mich., this week, and will be with Mrs. Hesser at her cottage on Valley street.

Dr. Messenger of Elmira, N. Y., has purchased of R. L. Reed a lot on the northeast corner of Earl and Valley street. It is understood that the doctor, who, with his wife regularly spends his winters here, will not build until next season.

A Cincinnati party, consisting of Mrs. Deal and daughter, Mrs. Hendrix with her two children, and friend, Miss Edith Drake, recent arrivals, are at the Mayfield.

Mrs. Alice Wauson entertained the San Souci club this afternoon at her home on Valley street.

Dr. and Mrs. Messenger are enjoying a visit from their friends, Dr. and Mrs. Woodhouse, who have come with Mr. and Mrs. Herrick on Pine street.

Mr. and Mrs. C. S. Wortley of Ypsilanti, Mich., who have spent a number of winters here, are enjoying their stay with Miss Russell. They are pleased to note the growth of the town within the past two years.

News of the death of Mrs. Brannin, wife of Dr. Brannin at her Palatka home, was received with much regret here. Dr. and Mrs. Brannin and family made their home in Seabreeze for several years, and have many friends in the community.

An exceedingly novel and artistic piece of work a suit made of palm-leaf bark, on display at Mrs. L. A.

Thomas' fancy workroom in the Knowlton block, is attracting much attention. The suit consists of a skirt, short coat, leggings and cap, and shows the ingenuity of the designer. It was worn at a fancy ball occasion this season.

Miss Ida Roccap, one of the proprietors of Dixie Lodge, on Tuesday went down to Rockledge on the Constitution.

Billie Lee, a colored man in the employ of A. S. Randall, was suddenly stricken and fell to the ground while unloading mail on Ocean boulevard Monday afternoon. Marshall Sims saw the man fall and hastened to his assistance. He was badly lacerated over the eye and on the cheek by contact with the wagon wheel. He was carried to Midway in a conveyance, and had partially recovered consciousness by the time he reached home. A doctor was summoned and his condition was considered rather serious.

Wesley Herrick went to Gainesville Tuesday morning as delegate to the K. of P. grand lodge. Harding Russell is in charge of the Southland while Mr. Herrick is gone.

Miss Akin and her mother of New Jersey arrived from Jacksonville last week and have housekeeping rooms with Mr. and Mrs. Malery on Pine street. Miss Akin was here some 12 years ago and taught a kindergarten class on Seabreeze avenue.

The Seabreeze annual bazaar, held in the Knowlton block Friday afternoon by the Ladies' Circle and assisted by the girls' library auxiliary, was a pronounced success and proved a delightful occasion for bringing together the residents and tourists of the two peninsula towns. It was for the benefit of the Seabreeze Congregational church and the library and netted a very encouraging sum for the two beneficiaries.

## L. J. JONES ECZEMA WHERE SALVE FAILS

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure, and give you instant relief.

**The Curious Electric Eel.**  
The electric eel, which is common in the streams of Brazil, is possessed of a natural electric battery—a tremendous one. Beneath the skin are two pairs of peculiar little bodies passing longitudinally along the muscles and near the tail. One pair is next to the back and the other near the lower fin. These bodies are made up of a great number of little cells, two or three hundred of them, and plentifully supplied with nerves. Examination of one of these electrical organs has shown that in action it is very much like a galvanic battery, with the anterior extremely positive, the posterior negative and the current only discharged at the point of contact with an object. This has been proved to be so powerful when complete that chemical compounds are decomposed by it and steel needles magnetized.

## PECAN CULTURE PROVING PROFITABLE IN THIS SECTION.

### JACOB SLOUGH HAS FINE LOT OF TREES ON HIS PLACE IN HAMMOCK LAND WEST OF CITY — PROVING PROFITABLE.

Jacob Slough, who has been interested in the cultivation of the pecan for a number of years, has fully demonstrated that the nuts, and especially fine ones at that, can be successfully grown in this locality.

This season Mr. Slough marketed about 18 bushels of the nuts, which brought him over \$100. He has a number of varieties from the states of Louisiana, Mississippi, Texas, Alabama and west Florida; but thinks most highly of Nelson, from the first named state, one of the largest and best nuts in his collection, although not quite so thin shelled as some of the others. The Nelson is fully two inches in length.

Mr. Slough says he has not given his pecan trees as much attention as they should have received, owing to the necessity of applying his energies to something that would make a quicker return, although some of his trees have borne a few nuts in the fourth year from the bud or graft, the wild hickory being used as a stock for grafting upon.

In one case he secured 10 pounds of nuts from a five year old tree the graft being taken from a tree received from Louisiana by E. N. Waldron, the graft outstripping the parent stock. The best tree in Mr. Slough's grove produced this season about a barrel of nuts, which sold for \$20.

Mr. Slough has about 150 trees, some 50 of which are now producing nuts.

Though the returns are not so quickly realized as in some other cases, yet this would seem to be a safe and reliable industry for this section and one that should prove very profitable.

The special prize offered at the Crystal theater Thursday evening to be given to the hundredth lady entering the theater, fell to Miss Marie Brecker. This was a beautiful bouquet of roses of several varieties. The usual souvenirs were distributed as follows: The first, a solid brass candle stick, to E. Foster, of New York City; the third, a hard painted cup and saucer, donated by L. H. Rowe & Co. to Geo. F. Plymmer of Brooklyn, N. Y.; the fourth, a cut glass vase, to Daniel Tier of Mt. Vernon, N. Y. The second number was not called for by the recipient.

BLIND TO GOOD LUCK.

Fable of the Weary Farmer and the Golden Plow.

There was once a Benevolent Fairy who was accustomed to doing Good Deeds in Whimsical Ways. One day she was flying across the country to attend a meeting of the A. O. B. F. when she noticed a Farmer laboring in the fields. His horse was Attenuated and Deceitful, and his plow was Heavy and Old Fashioned. Often he would pause and wipe the sweat from his brow. Plainly he was having a Hard Time.

The Benevolent Fairy watched him a moment and observed his Haggard Look and his general air of Misery. Suddenly an Idea came to her—to make this man Rich, so that he would no longer have to delve and struggle to eke out a Bare Living. So she swooped down and touched the plow with her wand—she was, of course, invisible—and instantly it was changed to Solid Gold. Then with an amused but kindly backward glance the Benevolent Fairy went on her way.

A year later, remembering the occurrence, she flew over to see how the Farmer was enjoying his Good Fortune. She found him in the fields, plowing laboriously, and if anything he and his surroundings looked Meager and More Miserable than they had before. Much surprised, the Fairy flew closer, just in time to hear him murmur:

"I wish this ding-busted plow wasn't so heavy!"

The Benevolent Fairy eyed him pityingly; then she once more touched the plow with her wand, and it again became a thing of wood and iron. Then she flew away, and the Farmer resumed his Toil.

After all, are there not some folk who would die of thirst adrift on a river?—Clifton B. Dowd in Lippincott's

To Harness Jordan's Falls. The falls of the river Jordan below the lake of Galilee are to be harnessed to supply electricity to the larger towns of Palestine.
